

PONY has a form called the "Tournament Pitching Record." It is found on the last page of the tournament eligibility affidavit, which can be linked to from here:

NOTE: Print final page of tournament affidavit only (pitching chart).

Managers are required to update this pitching chart at the end of every game played. Your opponent (manager, coach or scorekeeper) must confirm their accuracy by initialing your entries. The tournament winner must bring this form to the next tournament he advances to and present it to the Tournament Director. W/o this document, teams will be denied entry at the next tournament level.
