

IF IT RAINS OR IF THERE IS THE THREAT OF RAIN

Host fields are responsible for canceling and/or postponing umpires in the event of any schedule changes due to bad weather or other factors preventing play.

In the event of bad weather or field conditions necessitating schedule delays and/or changes, the Field Director shall notify the Tournament Director ASAP but NOT the individual teams affected by the changes.

As soon as postponements are known by the Tournament Director, they will be posted on the website. Notification by email will accompany whenever possible.

The brackets also will be updated for reschedules as soon as the new times and possibly field locations are known.
