

## **SPECIAL TOURNAMENT RAIN RULES**

(1) **All play stands if game is stopped due to weather before game is of official length.** In other words, games will be treated as SUSPENDED games (not rain-outs) if they are started but fail to reach official length before they are called.

(2) **OFFICIAL LENGTH - Is redefined for tournament play to 4 innings OR 90 minutes of play if the game is stopped due to bad weather.** Thus, if the trailing team has had four complete innings of at-bats, and the game is called for bad weather, the game is official and counts as a complete game. Or, if 90 minutes has elapsed since the official first pitch, the game is official and counts as a complete game.
