

Agreement To Continue In Tournament Series Until Eliminated

As a condition of entry to any sanctioned National Championship Tournament Series, a team must be fully committed to advancing throughout the entire tournament series, including World Series, unless it is eliminated..

PENALTY:

- (1) ENYTB Death Penalty (permanent ban of manager, coaches and team).
- (2) PONY Fine \$500 plus possible league suspension.
- (3) NABF Fine \$100 plus possible league suspension.
- (4) AABC Fine - \$500

Don't get into this tournament unless you are prepared to advance to the World Series level should you win at each level!

Lest you think this rule is not enforced, au contraire. The league can lose its sanctioning for this violation.

PRECEDENT: Over the last several years, three ENYTB teams have entered and won sanctioned tournaments only to refuse to advance i.e., they used these tournaments for practice games. **ALL THREE WERE GIVEN LIFETIME BANS BY ENYTB.**

So, if you want to play in this league next year and beyond, DON'T DO IT. And don't assume you can intentionally lose the final game if you get that far because the other finalist may be thinking the same thing. Indeed that has already happened once. Both teams declined to advance and both teams were banned. FAIR WARNING!
