

**FORMAT** – This is a single elimination tournament. Depending on the number of entries, there can be up to multiple tournament divisions per age groups, divided by competition level based on regular season results.

1. Top 8 teams from each age group start in Super 8. This is a standard 8 team single elimination format with 3 rounds.
2. Remaining teams, if any, begin in the Madness bracket. If there are enough teams, we will setup multiple flights of Madness in a single age group, with approximately 8 teams per division.
3. The preferred format is always 8 teams and 3 rounds. For divisions with more than 8 teams, the early rounds may be treated as play-in rounds where the lower seeds are paired against each other while the higher seeds sit.

**SEEDING** - A team's seeding shall be based on its position in the SUPER 8 or MADNESS standings for its age division. If an outlier situation exists (i.e. a team has very few games played), the tournament director can exercise discretion when determining seeding.

To see where your team is currently ranked go to: [ENYTB.com](http://ENYTB.com) > Inside The League > League Standings select your age division and SUPER 8 or MADNESS.
